

<p align="center">Theme of the term is Courage Year 5 This term's topic is The Victorians Please register with Twinkl to allow access to this week's on-line activities. Go to www.twinkl.co.uk/offer and use the offer code UKTWINKLHELPS.</p>		
<p>Date: Monday 15th June 2020 Affirmation of the day: I am approachable.</p>		
	Core and support	Extension
Maths	<p>Our learning objective today is to solve multi-step addition and subtraction problems. We have already covered the objectives White Rose have set for this week so we will use this alternative: https://vimeo.com/428001969</p> <p>The questions and answers were attached to the maths email.</p> <p>This is also out of synch with bitesize as we've already covered it but, if you'd like more practice the week of 27th April for year 4 covers similar objectives.</p>	<p>Have a go at this this worksheet – simple calculations but accuracy is essential. Can you do them all, including the challenge and beat 2mins 32secs? (And that included a swig of tea!)</p>
SPAG	<p>We are practising using conjunctions to help develop cohesion in our writing this week. Have a look at this video to remind yourself of conjunctions. https://www.youtube.com/watch?v=yarxGq1Ens</p> <p>Now take a look at this PPT and have a go at the activity booklet. The instructions are a little challenging but they do work as long as you cut along the dashed lines and fold along the dotted lines. This will provide you with lots of practice!</p>	
<p>Date: Tuesday 16th June 2020 Affirmation of the day: I am flexible.</p>		
Maths	<p>Our learning objective today is to read and interpret line graphs. As we have already covered the White Rose objectives, we will use this alternative: https://vimeo.com/428002041</p> <p>The questions and answers were attached to the maths email.</p>	<p>All sorts of graphs are used by adults in their daily lives. Have a look at this clip https://www.bbc.co.uk/teach/skillswise/graphs-and-charts/zjwky9q and then chat at home about whether your mum and dad use graphs in their work.</p>
SPAG	<p>https://www.bbc.co.uk/bitesize/articles/z6ki2sg This lesson from BBC bitesize will provide practice using conjunctions to link sentences.</p>	
<p>Date: Wednesday 17th June 2020 Affirmation of the day: I can listen.</p>		
Maths	<p>Our learning objective today is draw line graphs. As we have already covered the White Rose objectives, we will use this alternative: https://vimeo.com/428002106</p> <p>The questions and answers were attached to the maths email.</p>	<p>Have a go at taking Mr Pearson's dog for a walk and see if you can create different routes for him. https://nrich.maths.org/4803</p>
SPAG	<p>So far this week, we've used conjunctions in the middle of sentences but changing the sentence order and putting the subordinate clause at the beginning of the sentence makes our writing more interesting. Have a look at this jigsaw worksheet. It is similar to yesterday's but you'll need to put the conjunction at the beginning.</p>	
<p>Date: Thursday 18th June 2020</p>

NETTLED

Affirmation of the day: I can share.		
Maths	Our learning objective today is to use line graphs to solve problems. As we have already covered the White Rose objectives, we will use these alternatives: https://vimeo.com/428002182 The questions and answers were attached to the maths email.	Here are some challenge cards to practise reading line graphs carefully and spotting some common mistakes.
SPAG	We're looking at conjunctions on Active Learn today. Logon to your Active Learn account, go to My Stuff and then select the little dog tab on the far right of the list of different applications. If you hover over him, it says wordsmith. There should be four activities to work through today and tomorrow. Have a look at the poem and formal connections activity today.	
Date: Friday 19th June 2020		
Affirmation of the day: I am loving.		
Maths	It's challenge day today! Have a go at Summer Term Week 8 The Friday Challenge https://whiterosemaths.com/homelearning/year-5/	
SPAG	Back onto Active Learn and Wordsmith today. Try the pilot's licence activities. See if you can answer the questions about what conjunctions are, and how we use them, to consolidate this week's SPAG work.
